Student Full Name: ____________________________________________________________

Applying to **BMC-Upper level**: Beg. I □ Beg. II □ Int. I □ Int. II □ Adv □

- You will automatically be assigned to a BMC-Upper group based on your current enrollment in BMC-Upper Spring 2019 and your grade level. If you believe you should be placed in a higher group, you can submit hard copies of your answer to the following questions for consideration, fill it out by hand, and turn in the packet by the deadline of May 8, 2019 to Evans 714.
- The application process to BMC is competitive. Questions 1, 2, 3, 4 must be filled out thoughtfully and thoroughly by the STUDENT and by HAND. Questions answered by adults, siblings or other people besides the student shall not be considered.

1. In the space below, describe your math classes/activities/background in year 2018-2019. If you have any math achievements, include them here too. Staple an additional page if necessary. Do NOT type. This question must be answered in **your own handwriting**.
