

## How much does the book cost?

The book costs \$10 plus half of its price. How much does the book cost?

## Don't get sick!

If the doctor gave you 3 pills and said to take one pill every half hour, how long would it take you to take all pills?

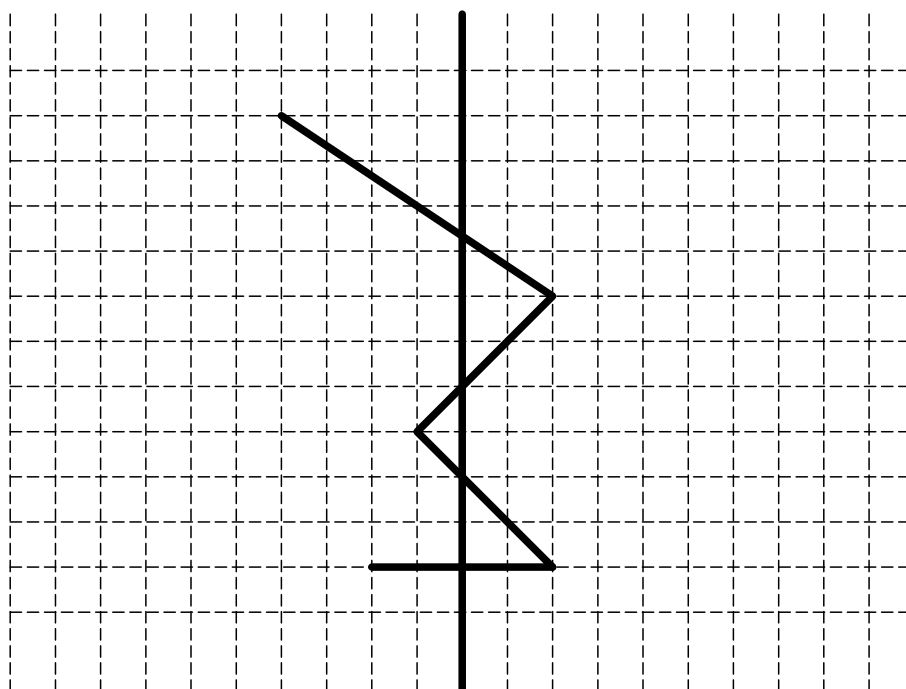

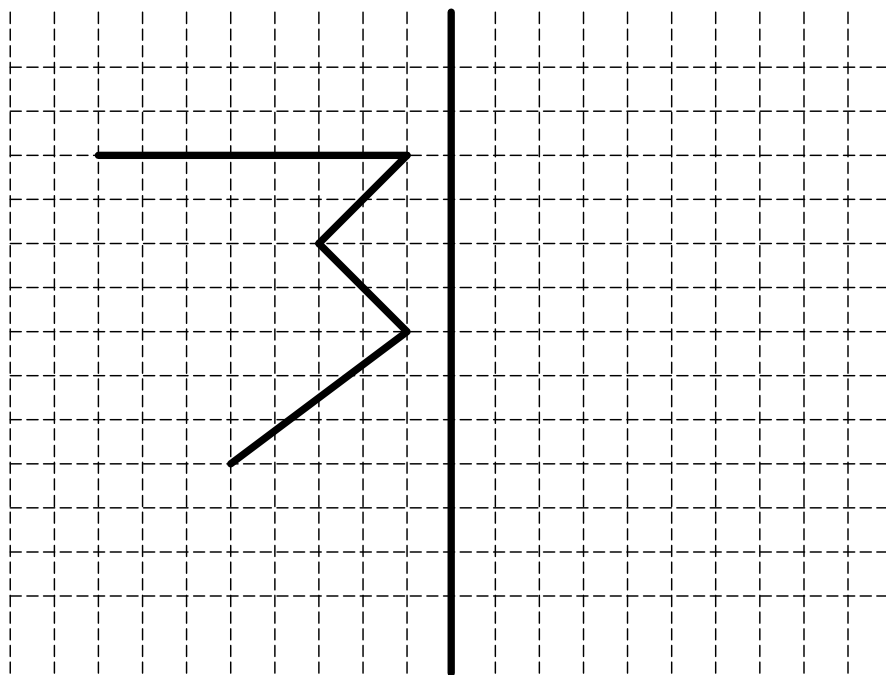

## Girl Symmetry

**Complete the Girl by drawing the exact same side.**

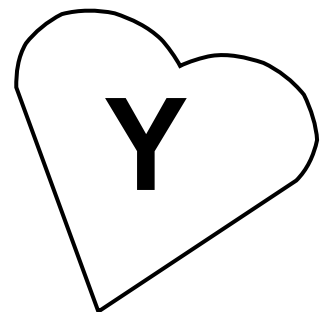

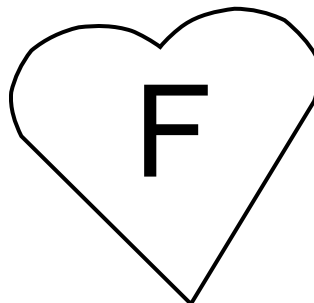

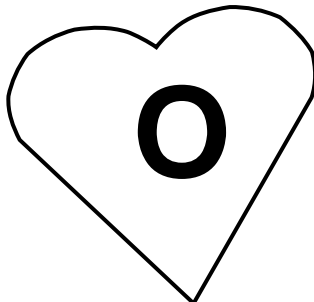

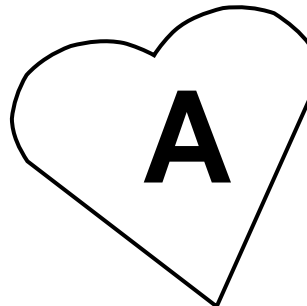

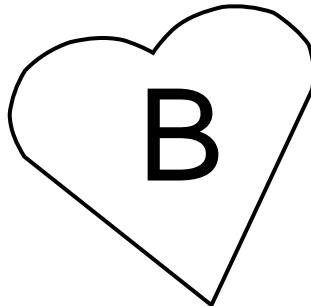

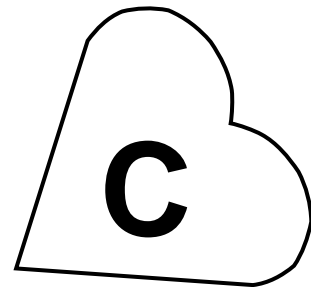

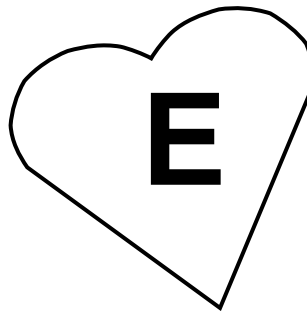

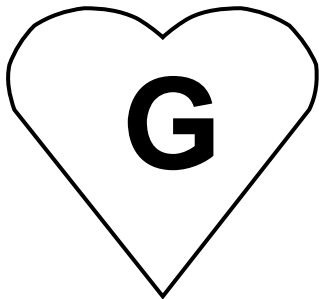

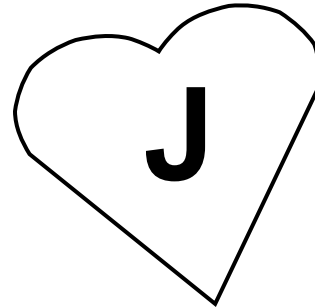

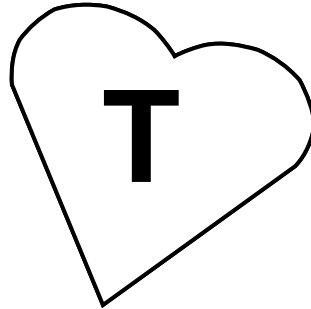

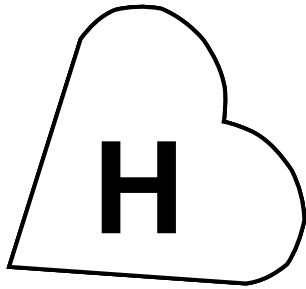

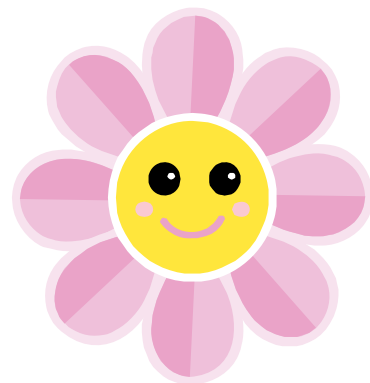

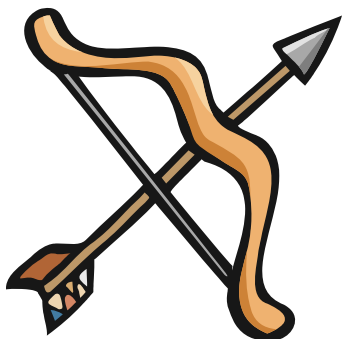

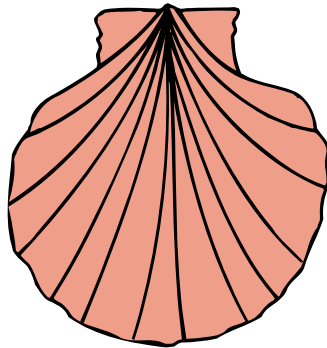

**Draw the mirror image with a different colored pencil**

# Color the hearts with symmetrical letters

**Find all the symmetry lines  
(look at the shapes only)**

**Find all the symmetry lines  
(this time, pay attention to the inside)**
